Next week's meeting

NEXT MEETING: Monday 8 May

SPEAKER: Vocational visit to Crane Fruehauf Trailer factory.

Youth Services Month

COMING EVENTS

5-7 May	District Conference
15 May	Partners Evening
11-14 June 2017	Rotary Convention in Atlanta
26 June	Changeover
24-27 June 2018	Toronto, Canada
22 July	"Triumph and Trivia"

This week's meeting

Scribe Jed Wieland

Partners Night

President Peter issued a plea to all members to respond to the email seeking an indication from all members to advise whether they intended to come to the Music night at the Pakuranga Sailing Club.

One minute Speakers

Ken Worsley updated members on the vocational visit to Fruehauf Trailers at 21 Hobill Avenue Manukau City. Be there for 5:30, there will be an address by the GM followed by an inspection tour and then onto a restaurant for dinner - location to be advised. Closed shoes for all please and ladies, please no high heels.

Trivia

Roger Milne is looking for items that can be auctioned at Trivia night. Something unusual with a point of difference is what Roger is looking for - any ideas, call Roger.

Alan Davies has tickets available at \$25 a head, \$250 per table.

CONGRATULATIONS

Birthdays:

5 May	Peter Armstrong
9 May	Lynette Houston
10 May	Gay Shapland
11 May	Geoff Shapland
12 May	Julie Barnes

Wedding Anniversaries:

5 May Dave and Elizabeth Andrews

Rotary Anniversaries:

4 May Bart Signal (8years+8)

Duncan Loney

Duncan is proposing a Harbour Bridge walk on the 11th or 12th of June. This will cost about \$95 a head if a group of 20 can be put together. Call Duncan to register your interest in this event, he recommends it as being well worthwhile.

This Week's Speakers

This week's speakers were introduced by Branka Volc. Our two Summer Science and Technology Forum awardees gave us a fantastic report on their two weeks at Forum. Both felt really privileged to be selected and to be sponsored by the Club and the opportunity it gave them to follow their passion and consolidate their pathway to University and beyond. The first couple of days of the two-week Forum duration were spent getting to know all the awardees at the event. They discussed morals and ethics around their chosen fields and Michelle Dickinson, one of the leading Nano-technology scientist in the country came to speak with them.

The days that followed were filled with a wide variety of lectures, discussions and experiments. Geo-sciences including field trips, robotics, physics, chemistry, molecular biology, DNA extraction, the list just went on.

Evenings were spent socially and the benefit of future networking and friendship opportunities was obviously one of the significant outcomes of the Forum. The formal dinner gave opportunities to speak with the lecturers and to give the Awardees a taste of how it would be to mature into their chosen fields and to interact with others at all levels.

The National Science and Technology Forum clearly continues a great programme that is highly valued and fondly remembered by all those who have had the privilege of participating and it was great to have Madeline Yol-land to add a lovely personal note of thanks and to speak a little of the history of the Forum and of John's passion for it and science generally.

Suggestions & contributions to Bulletin Publisher Joy Ward email cjward@ihug.co.nz by Tuesday evening each week please

From the President's Corner 1/05/2017

From our recent sergeant's session I have topped it up our donation to \$200 which will be given towards the prevention of Chronic Kidney Disease.

On Sunday those who are attending conference joined with Margaret and I for a conference pre-knees up session at our place to get us fully into the mood for this weekend.

Please don't forget that next week's meeting is not at Waipuna but is a Vocational visit to the Fruehauf Trailer factory.

For those who have not accepted or declined your emailed invitation to our Partners evening May 15th would really appreciate you doing so. We are still struggling with numbers because of this.

If you are bringing a partner please don't forget to add their name/s, there is a button "register an additional guest" at the bottom of the page. Use this and it will expand to allow your partners details to be added. If you have previously registered and not added your guests you can still do so, go to the original email click on "Register Online" link and add you guests.

NEXT MONDAY VOCATIONAL VISIT 8 MAY 2017 AT 5.30PM Vocational Visit to Fruehauf NZ Ltd

21 Hobil Avenue, Wiri

For those registered to attend with Ken Worsley-details below:

Band Vintage Summer. (with Linda Agnew)

Venue: Pakuranga Sailing Club (Dinner details to be confirmed)

Please put the date in your diary now and note this replaces the usual Rotary Meeting

Dancing and singing along is encouraged and you may be needed as the backing group

CLUB MEMBERS IN THE MASTERS GAMES

Roger Milne participated in the golf 65 to 74 section. We played three rounds over 3 days at Akarana, Muriwai and Pakuranga, with the top 30% making the final round at Remuera.

It will be no surprise to my Rotary golfing friends that I was a caddie at Remuera!

Marvellous experience however, and I'm keen for a group of Pakuranga Rotarians to enter World Masters in Japan in 4 years time.

Hockey — Bart Signal got a gold medal in the over 45 hockey

10 k Road Race - Congratulations to Anil Anna on his competing in the Masters Games.

Anil was representing the Barfoot and Thompson Team and completed the run with merit. Well done Anil.

Community Committee Rotary Family working bee.

On Thursday the combined Pakuranga family of Rotary, Interact and Rotaract joined together in a joint working bee to spread mulch and paint two coats on a VERY long fence at Sunnyhills School.

We had seven members of our Club turn up to assist and guide the 40 young folk, most of whom had never used a paint brush or shovel before.

The weather was perfect, the company great with a plentiful morning tea supplied by the Kylee from the PTA. Sue, the middle school Dean came to thank us and we received an email from Korea, where Principal Justine is spending her holidays studying Educational Technology. The press arrived and were most impressed with the innovative concept and what the young ones were learning from the Rotarians, so watch out for an article in this week's HPT.

Thanks to Chris W, Ken H, Peter A, Don & Elrose L and Ian K for teaching these superb young ones some valuable and practical life skills. (and for keeping them on track and focused.)

Sylvie

FROM ROTARACT

"It was a privilege for Rotaract to be able to get stuck in, helping out one of our local schools, and we are immensely grateful that so many of the Pakuranga Interact and Rotary Club turned up on the day. It was a beautiful day filled with sun, sweat, paint and dirt, but in the end Sunnyhills Primary had a little backyard makeover. This is what Rotaract love doing! We don't want to just exist for fundraising for different groups, but we want to be involved in our community, socialize and connect with those we serve and work with. And thanks to Kylee Long and the PTA we had a scrummy morning tea that kept the energy levels up. We hope this can be the start of many future projects with the school and the community."

And thank you so much for your planning, it was all because of you we really can't take any of the credit, we were the helping hands.

Sincere Regards

Danielle Paaske (Secretary of Pakuranga Rotaract)

An evening of Triumph and Trivia

Saturday July 22

The financial success of this evening will depend largely on the auction items we collectively can put together.

The items will be auctioned, either silent or otherwise.

The unusual

Things money normally can't buy.

Unique experiences or places

In New Zealand or off shore.

Tickets to Wimbledon perhaps! (The evening theme is sport)

Wine for the rack – all contributions to me please.

We look forward to your generous support

Regards

Roger Milne

The Last Word from Nick Loseby

This is your life. Do what you love, and do it often.

If you don't like something, change it. If you don't like your job, quit.

If you don't have enough time, stop watching TV.

If you're looking for the love of your life, stop; they will be waiting for you when you start doing the things you love.

Stop over analysing, all emotions are beautiful when you eat.

Appreciate life is simple, every last bite.

Open your mind, arms and heart to new things and people.

We are united in our differences.

Ask the next person you see what their passion is and share your inspiring dream with them.

Travel often; getting lost will help you find yourself.

Some opportunities only come once, seize them.

Life is about the people you meet and the things you create with them, so go out and start creating.

Life is short.

Live your dream and wear your passion.
